

Flick the Switch Campaign

Activity Suggestions

Here are some suggestions to assist you in the process of motivating your students to become energy efficient at school and at home.

- Organise thematic seminars on the importance of saving energy!
- Organise debates related to energy efficiency and the impact of our actions on the environment.
- Organise games on energy and the importance of saving it- tell us how it went!
- Encourage your students to compose Flick the Switch songs and perform dances- record a video and upload it here!
- Set home assignments for your students related to energy efficiency- use the Teaching Materials section to see some examples!
- Ask your students to design a Poster about Flick the Switch and how they help save energy by switching off lights and devices when not in use! - Take part in the Poster Competition!
- Encourage your secondary students to be creative and take artistic photos related to the environment and saving energy!
- Encourage your students to do a presentation about how their responsible energy behaviour - upload it under this section!
